Ms. A. 7. 3. 63

My dearest - There is no
separate engraving
of Mrs. Stowe to be
sold in London -

In the large illustrated
edition (very expensive)
is an engraving of
the full face - no pro-
file - But the litho-
graph of the profile
which Mrs. Stowe

sent to Sampson
Low as what she
approved, is now
in the hands of
the engraver & will
not be finished
under a month

but it will be a
beautiful one

If you want the
great book with
the present engraving
so - so - I will get it
I find it but do not
like to spend so
much without your
wish when a better
thing can be got
for nothing, I have

less money —

Chas & I are both
better — Chas has been
severely ill for the
time is yet unbit
for study of any
kind — Looks pale
& weak — I have a raw
nose & weak eyes & am
rather cross, but our
Yours clearest friend
